

CRAFT ACTIVITY

Free Abstract Art Lesson

With Glenn Farquhar from Art Fusion

Come along to this exciting event and learn how to paint abstract art in your own home with simple step by step art lessons from Glenn Farquhar. An abstract art is one without a recognisable subject, one which doesn't relate to anything external or try to "look like" something. Instead the colour and form and often the materials and support are the subject of the abstract painting. It's completely non-objective or non-representational.
