

Road Opening Permit

Application number:

Under Section 138; 219(1) and 223 of the Roads Act NSW, 1993.

Effective from July 2023 to June 2024

When is a Road Opening Permit required?

When a plumber, builder or a member of public needs to dig up or under-bore in the road reservation. This application should only be used if permanent restoration is supposed to be done by Council on the payment of appropriate damage charges by applicant as set out on this application form.

Common reasons for a Road Opening permit are:

- Service connections (water; electricity; telecommunication; gas; sewer, etc.)
- Standard storm water pipe connections (diameter 100mm pipe or equivalent rectangular sections) to an existing storm water pit or to kerb side. Please note that kerb side connections should only be gravity flow to the gutter and all others should be connected to the nearest storm water pit (if direct connection to an existing Council storm water pipe is required, then please contact Council Stormwater Engineer or Infrastructure Asset Management Engineer for further advise)
- Conduit and/or pit installations on behalf of public utilities where there is no current standard agreement with Council.

To ensure no existing underground services are damaged, the applicant must 'Dial 1100 Before You Dig', contact Council regarding storm water pipe system location and accurately locate and protect any existing services before commencing work.

Note: (You do not have approval to commence Road Opening works under this application until you receive a written permit from Council quoting a Permit Number).

The applicant must comply with the conditions of road opening, the specification of temporary repair; and restoration fees, as given in Road Opening Permit.

Please allow 5 working days for this application to be processed. For further information, please contact Customer Service Centre on (02) 9391 7000.

- ☐ Application fee is paid (and receipt attached) or alternatively credit card authorisation form is completed and attached – **Mandatory Requirement**
- ☐ Land Access Notice (LAN) or similar authority from the utility network owner (if applicable) and

The applicant must complete and sign the application form and provide all relevant supporting documentation and information as instructed on the form.

Application will not be assessed until all required information is received

Instructions, Supporting Documentation and Conditions

Full details of the instructions, supporting documentation and conditions associated with this application can be accessed at:
www.woollahra.nsw.gov.au/road-opening-permit-conditions

Indemnity statement and applicant's declaration

You, the applicant, indemnify Council from and against all actions, claims, costs, losses, expenses and damages (including the costs of defending or settling any action or claim) in respect of:

- Loss of, loss of use of, or damage to property of Council; or
- Personal injury (including death) or illness to any person or loss of, loss of use of, or damage to any property; resulting from or by reason of anything done or omitted to be done by you arising out of your activities undertaken at or on Council's land / near Council's facility.

Your liability to indemnify Council is reduced proportionally to the extent that a negligent act or omission of Council or its employees has contributed to the injury, damage, or loss.

Applicant's declaration:

I, declare that:

I have read, understood, and accepted the application (Refer for Conditions and Specification www.woollahra.nsw.gov.au/road-opening-permit-conditions) I understand that all these conditions must be complied with. I apply for a permit to carry out the works described in this application on the dates prescribed. I declare that all the information given are true and correct to my knowledge.

I also understand that:

- ☐ If incomplete, the application may be delayed or rejected;
- ☐ More information may be requested after the date of lodgement;
- ☐ By making this application, I contractually bind myself and the owner of the property/network (in case of working for utility services provider) served by this work, for the payment of dues owed to Council on demand and on time. Hence, I have notified those interested parties.
- ☐ A processing fee must be paid along with charges and.
- ☐ Additional payment may be requested if actual damage, upon inspection, is greater than the proposed damage cost by this application.
- ☐ I (the applicant) applicant shall inform Council immediately following the completion of such work.
- ☐ A copy of this permit shall be kept on-site with all supporting drawings, plans and current public liability insurance at all times and observe the conditions of the permit.
