## Mayoral Minute

**Mayoral Minute No:** 1

**Subject:** Donation Pledge to The Haiti Earthquake Appeal

**Author:** The Mayor of Woollahra, Councillor Andrew Petrie

**File No:** 61.G

**Reason for Report:** To notify Council that a donation of \$5000 has been made on behalf of Council and the community to the International Red Cross to support their efforts to assist those people affected by the tragic Haiti earthquake.

**Recommendation:**

That Council endorse the donation of \$5000 to the International Federation of Red Cross and Red Crescent Societies as a contribution to their emergency appeal to deliver assistance to those affected by the devastating earthquake in Haiti on Tuesday 12 January 2010.

---

**Background:**

With officials warning the overall death toll may top 100,000, there are fears that desperate Haitians, already living in one of the world's poorest nations, will soon fall prey to hunger and disease. International rescue and support services are already responding to the devastation left behind following the 7.0 magnitude quake that struck Haiti on Tuesday 12 January; the strongest since 1770.

International aid is on hand and the International Red Cross and Red Crescent Societies are delivering emergency assistance.

With a network of volunteers in 186 countries around the world, Red Cross is able to respond moments after a disaster occurs, even in locations as remote as Haiti. Because of the nature of how Red Cross works, with a local society in each country, Red Cross is able to respond immediately, with volunteers on the ground moments after an emergency occurs.

The earthquake-affected area of Haiti is the West province, with a population of 2.2 million people. Many people were at work during the earthquake and vulnerable to collapsing office buildings. Government buildings have collapsed including the Presidential palace and several Ministries. A hospital has also collapsed and remaining hospitals are not admitting further people due to lack of capacity.

The funds raised through this appeal will be used to:

- support emergency relief, rehabilitation and recovery activities for communities affected by the disaster in Haiti
- send specialist aid workers to assist in the Red Cross Red Crescent Movement response
- support longer-term Red Cross programs of assistance in the affected areas.

A news item on the Red Cross Appeal has been added to the home page of our website so members of the community can also make a contribution.

Following a discussion with the Deputy Mayor and General Manager, in mid January soon after the earthquake, it was agreed that the payment of the \$5000 donation would be made immediately, with this Mayoral Minute tabled for endorsement at the next available Council meeting.

**Conclusion:**

We recognise the devastating impact of such a tragedy on the people of Haiti and hope our donation assists the International Red Cross and its staff in their efforts to assist them in a time of great need.

Our thoughts and prayers are with the people of Haiti and those who have been brought in to assist them.

#### **K.1 Criminal Offences – Breach of Development Consent & Environmental laws**

Failure to comply with this development consent and any condition of this consent is a **criminal offence**. Failure to comply with other environmental laws is also a criminal offence.

Where there is any breach Council may without any further warning:

- a) Issue Penalty Infringement Notices (On-the-spot fines);
- b) Issue notices and orders;
- c) Prosecute any person breaching this consent; and/or
- d) Seek injunctions/orders before the courts to restrain and remedy any breach.

#### Warnings as to potential maximum penalties

Maximum Penalties under NSW Environmental Laws include fines up to \$1.1 Million and/or custodial sentences for serious offences.

### Warning as to enforcement and legal costs

Should Council have to take any action to enforced compliance with this consent or other environmental laws Council's policy is to seek from the Court appropriate orders requiring the payments of its costs beyond any penalty or remedy the Court may order.

This consent and this specific advice will be tendered to the Court when seeking costs orders from the Court where Council is successful in any necessary enforcement action.

**Note:** The payment of environmental penalty infringement notices does not result in any criminal offence being recorded. If a penalty infringement notice is challenged in Court and the person is found guilty of the offence by the Court, subject to section 10 of *the Crimes (Sentencing Procedure) Act 1999*, a criminal conviction is recorded. The effect of a criminal conviction beyond any fine is serious. You can obtain further information from the following web sites:

Standard Advising: K1

## **K.2 Appeal**

Council is always prepared to discuss its decisions and, in this regard, please do not hesitate to contact Caroline Owen, Assessment Officer, on (02) 9391 7150

However, if you wish to pursue your rights of appeal in the Land & Environment Court you are advised that Council generally seeks resolution of such appeals through a Section 34 Conference, site hearings and the use of Court Appointed Experts, instead of a full Court hearing.

This approach is less adversarial, it achieves a quicker decision than would be the case through a full Court hearing and it can give rise to considerable cost and time savings for all parties involved. The use of the Section 34 Conference approach requires the appellant to agree, in writing, to the Court appointed commissioner having the full authority to completely determine the matter at the conference.
