Staff strive to create an atmosphere that is comfortable and enjoyable for all customers. We are committed to serving the needs of young people through targeted resources and programs.

7 Parental Responsibility Statement

The library has no censorship role in its choice of library resources that form part of the collections. See the Library Collection Development policy for further details.

Parents/carers are responsible for supervising their child’s selection and use of library resources. The library encourages parents/carers to set their own family rules in consultation with their child.

Woollahra Libraries exercises no limitation on access to publications classified Unrestricted under the Classification (Publications, Films and Computer Games) Act 1995 [Commonwealth]. General library collections comprising items classified unrestricted are available to all library customers, including young people. There are loan restrictions placed on collections rated MA or above.

The Library promotes and supports public access to information. Library staff are available to assist customers in the use of electronic resources including the Internet.

Parents/carers are responsible for their child’s use of the Internet and computers, in line with the Library’s Computer and Internet Usage policy.
8 Unattended Children

Unsupervised children can be at risk in any public place, including public libraries.

Library staff do not supervise children in the library, so there is a risk that unattended children may leave the library at any time, hurt themselves, or be approached by strangers. Children aged 10 years or under are to be kept within sight by a reasonable person, parent, carer or older sibling aged 16+, at all times.

Libraries are busy public places, open to all, and staff cannot judge which members of the public present a possible danger to children. In addition, the library does not have the facilities to attend to children who are sick, injured or hungry.

Parents who leave a child unattended in a public library are exposing their child to potential harm, and may be committing an offence under s. 228 of the Children and Young Persons (Care and Protection) Act 1998 (NSW). They may be reported to the Department of Family and Community Services.

Young children left alone in a library can become distressed, bored or disruptive. Customers who disturb other library users may be removed from the library under clause 17 of the Library Regulation 2010 (NSW).

9 Access to Food & Beverages

Woollahra Libraries realises the various issues associated with serving food and beverages to children. Library staff will endeavour to provide a safe environment for young people who visit the library.

Food may be provided at certain special children’s events held throughout the year.

In situations where food will be served, Library staff will ensure that all parents and carers are notified of the serving of food in advance. Wherever possible food will be individually wrapped or provided by professional catering staff or prepared by staff according to Safe Food Handling Guidelines.

It remains the responsibility of the parent/carer to supervise their child, especially in relation to food allergies, during these times.
