Item No: D3 Delegated to Committee

Subject: **Women In Woollahra – Stage 2**

Author: Jane Britten and Libby Watters – Local History Librarians

File No: 474.G
To report on the progress and status of the Women in Woollahra project .

Recommendation:

1. That Council note the commencement of Stage 2 of the Women in Woollahra project as detailed in this report.
2. That the public art component of the Women in Woollahra project be managed by Council staff in consultation with the Public Art Advisory Committee.

Background:

Following a Notice of Motion on 13 March 2006, a report submitted to Council on 28 August 2006 by the Local History Centre staff recommended that the life and work of two early women Aldermen on Woollahra Council become the focus of a research project, they were:

- Belle Miller, the first woman Alderman of this Council (Alderman from December 1959 to September 1971); and
- Brenda (Dutchie) Backhouse, the first woman Mayor of Woollahra Council (alderman from September 1971 to September 1980 and Mayor in 1979). **Annexure 1.**

On 11 September 2006, Council resolved:

1. *That Council endorse the Women in Woollahra project and that it provide biographical information on Council's website as set out in option 1.*
2. *That Council commission oral histories for Dutchie Backhouse and Belle Miller to the extent as set out in option 2.*
3. *That subsequent to the completion of the research in option 1, a working party be established to consider the commissioning of a one off sculpture or memorial to recognize and commemorate Belle Miller as the first female Alderman and the contribution of women to the local community.*

This report gives a brief update on the project and recommends that Item 3 from the resolution of the 11th September 2006 be managed in consultation with the Public Art Advisory Committee, in place of a stand alone working party. The Public Art Advisory Committee has only recently been established and is the appropriate vehicle for this project.

Update - Women in Woollahra Stage 1

The purpose of the Women in Woollahra project was to acknowledge the contribution of women in the local government area of Woollahra across a range of fields. The first stage of the project as defined in Items 1 and 2 of the above resolution has been completed, with the commissioning of two oral history interviews from professional oral historian Frank Heimans of *Cinetel* regarding Belle Miller and Dutchie Backhouse.

The Women in Woollahra project was launched at an International Women's Day function hosted by Council on 8 March 2007. Web biographies on Belle Miller and Dutchie Backhouse were live on Council's website from the time of the launch and were demonstrated on the evening. The families of the two women appreciated Council's celebration of their mother's lives and contributions to the LGA.

Proposal - Women in Woollahra - Stages 2 and 3

The next stages of the Women in Woollahra project as identified in the previous report is as follows:

- Stage 2 (2007/08) Biographies on two women who have contributed through business or professional life.
- Public art concept design component (funded through grant)
- A funding application for \$9,000 regarding the public art component of the Women in Woollahra Project was submitted to Arts NSW in Stage 1. Results of this funding application will not be known until approx. November 2007. **Annexure 2**
- Stage 3 (2008/09) Biographies on two women who have contributed through community life and organisations.
- Commissioned public art work. (funding to be considered in 2008/09 budget)

This project has been listed in the 2007 / 2010 Management plan, within the key sub-activity areas of Library and Information Services and Cultural Development.

Similar to Stage 1, it is proposed to undertake oral histories of two professional/business women and to create website entries. In the 2007/08 Council budget, \$4,000 has been allocated to Stage 2 of the project. This will cover the cost for a profession historian to conduct oral histories and additional research/preparation of materials required for Council's website and Public art concept design brief. In the situation where the funding application for the Public art concept design is unsuccessful, Council's newly established Public Art Advisory Committee will consider alternate funding opportunities.

Conclusion:

It is recommended that Council note the commencement of Stage 2 of the Women in Woollahra project and the management of the Public Art component by staff in consultation with the Public Art Advisory Committee.
