

PROJECT 12

**Be part of an
exciting
community
arts project ...**

Project 12 is a community photography and art project based in the Woollahra/Paddington area.

We need 12 people who live, work or study in the area, from a variety of age, social and cultural backgrounds who would like to be part of project 12.

All you need to do is sign up then pick up your Project 12 pack which includes a disposable camera from the EJ Ward Paddington Community Centre before the 12th May 2014.

On the 12th of May you will need to take 1 shot every hour for 12 hrs, using your disposable camera as well as document the time, place and any thoughts, words etc.

The images and stories you create will be curated into an public Art Exhibition showcasing the community project.

Developed by Visual Artist Rebecca Dent as part of the 2014 Artist in Residence Program based at the EJ Ward Paddington Community Centre.
