

getting started with eFilms from Beamafilm

Stream hundreds of free, premium documentary and independent feature films to your device, computer or smart TV. With unlimited simultaneous access, watch as many films as you want, whenever you want.

You will need:

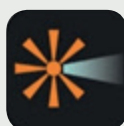

- A current Woollahra Libraries card and password
- Internet access
- A tablet, mobile device (iOS devices, Android devices, Amazon Fire tablets), TV or computer

How to:

Stream Beamafilm on your mobile device (mobile phone or tablet)

1. Download the free **Beamafilm** App from the **Apple App Store** (Apple devices) or **Google Play Store** (Android devices).

2. Create a **Beamafilm** account for mobile devices. Open the App, select **Sign Up** from **Library Card Access**. Enter your name, email address, choose a password, and then select **Sign Up**. You will receive a verification email - click the link to verify your email address. Login to your **Beamafilm** account by using your email address and password.
3. Add your library. Type and select **Woollahra Libraries**.
4. Enter your library barcode and **Sign In**. Once your information has been successfully added, you'll be able to start streaming films.

How to:

Stream Beamafilm on your computer or smartTV

1. Visit the Woollahra Libraries Beamafilm portal at <https://beamafilm.com/loginLib/woollahra>
2. Type in your library card number.
3. Create your account by entering your name, email and choosing a password.
4. You will receive a verification email - click the link to verify your email address.
5. Login to your **Beamafilm** account by using your email address and password.

Did you know?

- There are no viewing limits
- The average **Beamafilm** stream will use 500MB of data
- One third of the **Beamafilm** catalogue are Australian films
